What People are Saying About Steven Forrest

“Forrest approach.... stops the blame game in its tracks... We’re warriors for filling our turbulent evolutionary past.”

---The Oprah Magazine

“Readers will come to their own conclusions which astrologer was most on target, but for me, the clearest, most consistently accurate statements were given by Steven Forrest,”

---Chris Lorenz, Horoscope Magazine

“ I marvelled at the accuracy of Stevens reading, he insists that nothing is so grave as to be beyond repair, and correspondingly that there is no rainbow that wont be evaporated by poor judgement in the now. I cant recommend him highly enough.”

---Robert Downey, Jnr., Actor

Meet the Master

THE TOPIC

"Finding the Heart of the Birth Chart..."

Why do you have the astrological chart that you have? As soon as we ask that question, we leave the dreary world of merely cataloging "personality traits" and enter the dynamic world of evolutionary astrology. In this system, it is your fate to face the questions and certain possibilities in this lifetime. Beyond that, we have no use for the word "fate" at all. Instead, the power of your magic, your choices, and your intentions takes over, and they are pitted against old karmic reflexes that might otherwise imprison you in looping, dead end patterns of behavior rooted in unresolved hurts from prior life times.

In this four day program, join astrologer Steven Forrest as we bring this empowering form of astrology to life. Steven will begin with a brief overview of his interpretive strategies. During the bulk of the program, working in a master class format, we will simply draw the names of (voluntary) class members, put their charts up on the screen, and dive into the process of translating the message of the ancient symbols into plain, helpful English. We will intersperse the chart reading with wide-open question and answer periods.

This will be a live event, so prepare to learn not only with your mind, but also with your heart, your soul and the wisdom of your own body
